The 57th Scientific Conference
Engineering of Construction Projects

GUEST EDITORS

Elżbieta Szafranko, University of Warmia and Mazury in Olsztyn, Poland

Małgorzata Ulewicz, Częstochowa University of Technology, Poland

DESCRIPTION

We are pleased to announce the launch of a special issue in *Open Engineering* in coopeartion with *57 Scientific Conference "Engineering of Construction Projects",* which will take place on September 21 – 23 in Olsztyn, Poland.

The special issue concerns topics related to broadly understood construction technology and organization, construction project engineering and construction activity management and is organized to publish scientific articles by the participants of the conference in areas of:

- Technology and organization in construction
- Preparation and planning of construction projects
- Modern technologies and materials in construction
- Economics in the planning and implementation of construction facilities
- Management of construction projects taking into account the principles of sustainable construction
- Supporting decision-making processes in construction

PUBLICATION SCHEDULE / HOW TO SUBMIT

All submissions to the Special Issue must be made electronically via online submission system Editorial Manager: https://www.editorialmanager.com/openeng.

Under "Section/Category" please select the **"Special Issue: 57th IPB".**

The deadline for submissions is **November 31, 2026,** but individual papers will be reviewed and published online on an ongoing basis.

We look forward to receiving your submission. If you have any questions or concerns regarding the deadline or submission process, please direct them to kacper.kotulak@degruyterbrill.com
